ABOUT US

About us: Welcome to Crop Crest, where our passion for agriculture drives us to make a positive impact on Indian farming. At Crop Crest, we believe in a future where sustainable practices lead to thriving crops, healthy environments, and prosperous farming communities.

Our Commitment: Crop Crest is committed to revolutionizing Indian agriculture by offering innovative and sustainable solutions. We are committed towards our slogan "Cropcrest Ki Pehchan Khushal Kisan", We offer diversified range of Insecticides, Fungicides, Herbicides, Bio-Pesticides, Bio-Fertilizers, Plant Growth Regulators and Micro Nutrients.

Maximizing Crop Productivity: We strive to enhance crop yields through the development and distribution of cutting-edge pesticides and fertilizers. **4Empowering Farmers:** Our mission is to empower farmers by providing them with the tools, knowledge, and resources needed for success in a dynamic agricultural landscape.

Environmental Responsibility: We are deeply committed to promoting eco- friendly practices that safeguard the environment and contribute to a healthier planet.

Fostering Innovation: Crop Crest is at the forefront of agricultural innovation, consistently introducing new and efficient solutions to meet the evolving needs of farmers.

Contributing to Community Development: We actively participate in initiatives that uplift farming communities, supporting education, healthcare, and overall well-being.

Join Us on this Journey: At Crop Crest, we invite you to join us on this journey towards sustainable and successful agriculture in India. Together, we can cultivate a brighter future for farmers, the environment, and the entire nation. When you choose Crop Crest, you choose a partner dedicated to your success in agriculture. Join us on this journey of growth, innovation, and sustainable farming practices.

PARTNERING IN GROWTH
For Farmers, For India

INSECTICIDES

Prahar 20

Chlorpyrifos 20% EC

Controls diverse pests (including borers, bollworms, whiteflies, and aphids) in paddy, cotton, fruits, and vegetables. It is also effective for termite control in buildings and wood, as well as seed and soil treatments.

Available in : 250ml., 500ml.,
1 Liter Pack

Prahar 50

Chlorpyrifos 50% EC

Is a high-concentration, broad-spectrum organo-phosphorus insecticide used to control a wide range of soil-borne and foliage pests via contact, stomach, and vapor action. Used in rice, cotton, vegetables, and fruit trees.

Available in : 250ml., 500ml.,
1 Liter Pack

Prahar 505

Chlorpyrifos 50% +
Cypermethrin 5% EC

Is recommended to control Aphid, Jassid, Thrips, Whitefly, American bollworm, Spotted bollworm, Pink bollworm, Spodoptera litura of cotton and stem borer and leaf folder of paddy.

Available in : 250ml., 500ml.,
1 Liter Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Simbha

Lambdacyhalothrin 5% EC

Is a contact and systemic insecticide which is effective for the control of different insects of Cotton, Rice, Brinjal, Tomato, Mango, Okra, Red gram, Chilli, Ground nut, Onion and Chickpea.

Available in : 250ml., 500ml., 1 Liter Pack

Prahar 10 G

Chlorpyrifos 10% GR

It is a broad-spectrum organophosphate insecticide formulated as slow-release granules primarily used to control soil-dwelling and early-stage pests.

Available in : 1 kg., 5 kg. Pack

Simbha Plus

Lambda-cyhalothrin 4.9% CS

Is a broad-spectrum, synthetic pyrethroid insecticide using microencapsulation technology to control sucking and chewing pests in agriculture.

Available in : 500ml., 1 Liter Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Vinash Super

Bifenthrin 10% EC

It is used for the control of Bollworm and whitefly on cotton crops, stem borer, leaf folder, and green leaf hopper in rice, and termites in Sugarcane.

Available in : 500ml., 1 Liter Pack

Cropgen

Chlorantraniliprole 18.5% SC

It is a broad-spectrum insecticide used for the control of insect pests of rice, cabbage, cotton, sugarcane, tomato, chilli, soybean, brinjal, pigeon pea, bengal gram, black gram, bitter gourd, okra, maize, and Groundnut crops.

Available in :
10ml., 30ml., 60ml. 150ml., 300ml.

Ciper-25

Cypermethrin 25% EC

It is recommended to control shoot & fruit borer, jassids of Bhindi, Shoot & Fruit borer, Jasids, Epilachna grub of Brinjal and Bollowovnes, Jassids, Thrips of cotton.

Available in : 500ml., 1 Liter Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Flier

Thiamethoxam 12.6% +
lambda-cyhalothrin 9.5% ZC

A broad-spectrum, systemic and contact insecticide that controls sucking and chewing pests (like aphids, thrips, and bollworms) in cotton, maize, and chilies.

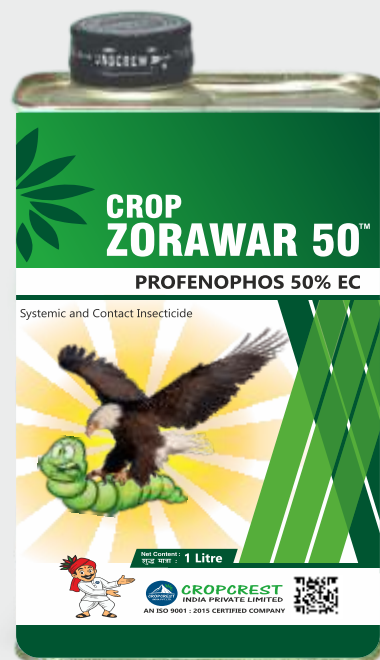

Available in :
80ml., 200ml., 500ml., 1 Ltr. Pack

Crop Zorawar 50

Profenophos 50% EC

It is a broad-spectrum organo-phosphate insecticide and acaricide used to control sucking insects (aphids, thrips, whiteflies) and chewing pests (bollworms, caterpillars).

Available in :
250ml., 500ml. & 1Ltr. Pack

Zorawar Super

Profenofos 40%+
Cypermethrin 4% EC

It is a combination product of organo-phosphorus and pyrethroid compound. It is used to control bollworm of cotton.

Available in :
100ml., 250ml., 500ml., 1 Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Shogi

Pymetrozine 50% WG

A systemic insecticide (Pymetrozine 50% WG) that controls brown plant hoppers in rice. It works by stopping pest feeding upon contact, leading to gradual death even for pests not directly hit by the spray.

Available in :
120 gm., 500 gm., 1kg., Pack

Ema Plus

Emamectin Benzoate 1.9% EC

It is a highly effective, low-toxic, and water-soluble emulsifiable concentrate insecticide used to control lepidopteran pests (caterpillars) in various crops.

Available in :
100ml., 250ml., 500ml. & 1Ltr. Pack

Powerful Shogi

Dinotefuran 15% + Pymetrozine 45% WG

It is a powerful, dual-action, broad-spectrum, systemic, and contact insecticide designed for controlling sucking pests, particularly in paddy (rice) crops.

Available in :
133.2 gm., 333 gm. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Cropgor

Dimethoate 30% EC

It is recommended to control insects of vegetables fruit trees & miscellaneous crops

Available in : 500ml., 1 Liter Pack

Current

Emamectin Benzoate 5% SG

It is recommended for the control of bollworms on cotton, fruit and shoot borer on okra, Diamond back moth on cabbage, fruit borer, thrips and mites on chilli, fruit and shoot borer on brinjal, pod borer on redgram chickpea, Thrips on Grapes and Tea looper on Tea.

Available in :
100 gm. 250 gm., 500 gm. 1kg., Pack

Cropthion

Ethion 50% EC

Controls mites, thrips, aphids, and borers in tea, cotton, chilli, pulses, and soybean. It also provides effective termite control in buildings.

Available in : 500ml., 1 Liter Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Cegent SC

Fipronil 5% SC

"It is used to control major pests like borers, hoppers, thrips, and aphids in rice, cabbage, chilli, sugarcane, and cotton.

Available in :
250gm., 500gm., 1 Kg. Pack

C-Tara

Thiamethoxam 25% WG

It is a broad-spectrum, second-generation neonicotinoid insecticide widely used to control sucking and chewing pests in a variety of crops. It is known for its quick action, systemic movement, and long-lasting protection.

Available in :
100gm., 250gm., 500gm. Pack

C-Tara FS

Thiamethoxam 30% FS

Used as a seed treatment to control jassids, aphids, thrips, and flies in cotton, sorghum, maize, okra, rice, sunflower, soybean, and chilli, as well as termites in wheat.

Available in :
250ml., 500ml., 1 Liter Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Cegent Ultra

Fipronil 0.6% GR

It is recommended for the Controls of borers, hoppers, and maggots in rice and sugarcane, as well as termites in wheat.

Available in : 1 kg., 4 kg. Pack

Feratta

Chlorantraniliprole 0.4% GR

It is recommended to control stem borer and leaf folder of rice, early shoot and top borer of sugarcane crop.

Available in : 1 kg., 4 kg. Pack

Ruler

Quinalphos 25% EC

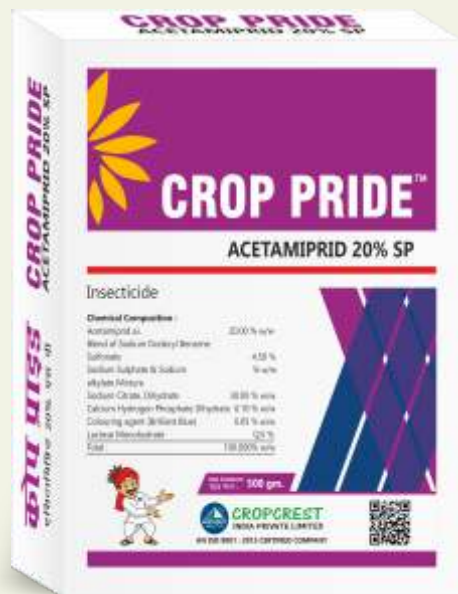

It is recommended to Controls hoppers, beetles, borers, and leaf rollers in paddy, along with various insects in pulses, spices, oilseeds, tea, citrus, and vegetables.

Available in : 500ml., 1 Liter Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Crop Pride

Acetamiprid 20% SP

Acetamiprid 20% SP is a systemic neonicotinoid insecticide that controls sucking and chewing pests across agriculture, horticulture, and home gardens.

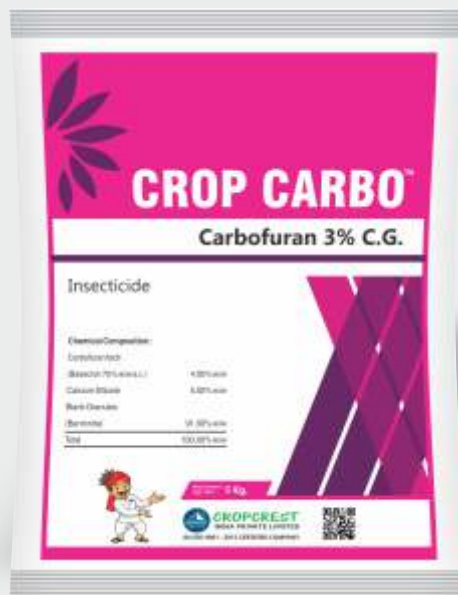

Available in :
50gm., 100gm., 250gm. 500gm. Pack

Crop Carbo

Carbofuran 3% C.G.

It is a highly potent, broad-spectrum systemic insecticide, nematicide, and acaricide used in agriculture to control a wide range of soil-dwelling and foliar pests. It is commonly used as a granular formulation to protect crops like rice, sugarcane, maize, and vegetables.

Available in : 1Kg., 5Kg. Pack

Cropdan 50 SP

Cartap Hydrochloride 50% SP

It is a broad-spectrum, systemic, and contact insecticide designed to control biting, chewing, and sucking pests like stem borers, leaf folders, and thrips.

Available in :
100 gm., 250 gm. 500 gm. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Crop 4G

Cartap Hydrochloride 4% GR

It is a granular, systemic, and stomach insecticide used to control chewing and sucking pests, particularly in rice and sugarcane.

Available in : 1Kg. & 5Kg. Pack

CROP BPMC 1000

Fenobucarb (B.P.M.C) 50% EC

It is a fast-acting carbamate insecticide primarily used in rice farming to control brown plant hoppers (BPH) and green leaf hoppers.

Available in : 500ml., 1ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

Lath Maar

Fipronil 0.3% GR

It is a broad-spectrum, phenylpyrazole granular insecticide used mainly in agriculture for soil and standing crop application.

Available in : 1Kg., 5Kg. Pack

INSECTICIDES

Crop Thelora

**Novaluron 5.25% +
Indoxacarb 4.5% w/w SC**

is a broad-spectrum, suspension concentrate insecticide designed to control lepidopteran pests like fruit borers and caterpillars in crops such as tomato, soybean, and chili.

**Available in :
100ml., 250ml., 500ml., 1Ltr. Pack**

Crop D.C.P.

Fipronil 40% + Imidacloprid 40% WG

is a powerful, broad-spectrum, water-dispersible granule (WG) insecticide blend designed for dual-action, systemic, and contact control against tough sucking and chewing pests.

Available in : 40gm., 100gm., 250gm. Pack

Cropzide

**Novaluron 5.25% + Emamectin
Benzoate 0.9% w/w SC**

is a dual-action suspension concentrate insecticide combining an insect growth regulator (Novaluron) and a neurotoxin (Emamectin Benzoate)

**Available in :
250ml., 500ml. & 1Ltr. Pack**

Cropcrest Ki Pehchan

Khushal Kisan!

INSECTICIDES

Crop Imida

Imidacloprid 17.8% SL

It is a highly effective, broad-spectrum neonicotinoid systemic insecticide used to control sucking insects, beetles, and termites in crops like cotton, paddy, and vegetables.

Available in : 100ml., 250ml.,
500ml., 1Ltr. Pack

Crop Super Imida

Imidacloprid 30.5% SC

It is a high-concentration, systemic suspension concentrate insecticide used for agricultural pest control and termite management.

Available in :
100ml., 250ml. Pack

Vangaurd

Chlorantraniliprole 9.3% +
Lambdacyhalothrin 4.6% ZC

This is a broad-spectrum, dual-action insecticide with systemic and contact properties.

Available in : 100ml.,
250ml., 500ml., 1tr. Pack

Twin Strike

Emamectin Benzoate 1.5% +
Fipronil 3.5% SC

It is a powerful, broad-spectrum suspension concentrate insecticide.

Available in :
250ml., 500ml., 1tr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Crop Tree

Mertibuzin 70 % WP

It is a selective, systemic herbicide used for broad-spectrum control of narrow and broadleaf weeds in sugarcane, potato, tomato, soybean, and wheat.

Available in : 100gm., 250gm., 500gm. Pack

Weed Clean 58

2, 4-D amine salt 58% SL

It is a selective, systemic, post-emergence herbicide used to control broadleaf weeds in crops like wheat, maize, sugarcane, and potato.

Available in :
250ml., 400ml., 1Ltr. Pack

Attraclear

Atrazine 50% WP

It is a selective, systemic herbicide (wetttable powder) widely used in maize and sugarcane to control annual broadleaf and grassy weeds.

Available in : 500gm. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Wipe Power

Glufosinate Ammonium 13.5% w/w SL

It is a high-performance, non-selective, post-emergence herbicide used to control a wide range of annual and perennial weeds in various crops, such as tea and cotton, as well as in non-crop areas.

Available in : 500ml., 1Ltr., 5Ltr. Pack

Oxy-Zen

Oxyflourfen 23.5% EC

It is a widely used, selective, contact herbicide designed to control a broad spectrum of annual broadleaf weeds and some grasses in agricultural and horticultural crops.

Available in :

50ml., 100ml., 250ml., 500ml. & 1Ltr. Pack

Crop Quat

Paraquat Dichloride 24% SL

It is a highly effective, non-selective, contact-based herbicide used to control broadleaf weeds and annual grasses.

Available in : 500ml., 1Ltr., & 5Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Target Super

Quizalofop Ethyl 5% w/w EC

It is a selective, systemic post-emergence herbicide commonly used to control narrow-leaf (grassy) weeds in broadleaf crops like soybean, cotton, groundnut, and onion.

Available in :
100ML., 250ML., 500ml., 1Ltr. Pack

Crop Saath

Pyrazosulfuron Ethyl 10% WP

It is a selective, systemic, pre-emergence to early post-emergence herbicide used for controlling broad-leaved weeds and sedges in rice fields.

Available in : 20gm., 80gm. Pack

Cropfit

Pretilachlor 50% EC

It is a selective, broad-spectrum pre-emergence herbicide commonly used in rice cultivation to control annual grasses, sedges, and broadleaf weeds.

Available in : 500ml., 1Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Crop Peendi

Pendimethalin 30% EC

Is a highly effective, selective pre-emergence herbicide used to control annual grasses and certain broadleaf weeds.

Available in : 500ml. & 1 Ltr. Pack

Crop Peendi Plus

Pendimethalin 38.7% CS

It is a high-efficiency, selective pre-emergence herbicide used to control annual grasses and broadleaf weeds in crops such as soybean, cotton, onion, and chilli.

Available in : 700ml., 3.5 Ltr. Pack

Cropfit Plus

Pretilachlor 37% w/w EW

It is a selective, pre-emergence herbicide designed for transplanted rice, effectively controlling grasses, sedges, and broad-leaf weeds.

Available in : 600ml. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Target 10 Plus

Quizalofop Ethyl 10% EC

Is a highly selective, systemic post-emergence herbicide used to control narrow-leaf (grassy) weeds in broadleaf crops.

Available in : 250gm., 500gm., 1 Ltr. Pack

Crop Gold

Bispyribac Sodium 10% SC

It is a systemic, post-emergence selective herbicide used to control a broad spectrum of grasses, sedges, and broadleaf weeds in rice (paddy) cultivation.

Available in :
50ml., 100ml., 250., 500., 1Ltr. Pack

Weed Stop 10

Imazethapyr 10% SL

is a highly effective, selective herbicide used to control a broad spectrum of grasses, broadleaf weeds, and sedges.

Available in : 500 ml. & 1 Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Crop Toprion

Topramezone 336 g/l (w/v) SC

It is a selective, post-emergence herbicide primarily used to control a broad spectrum of grasses and broad-leaved weeds in maize (corn) crops.

Available in : 15ml & 30ml Pack

Killforce

Quizalofop Ethyl 4% + Oxyfluorfen 6% EC

It is a selective, post-emergence herbicide primarily used to control both narrow and broad-leaf weeds in onion and garlic crops.

Available in :
250ml., 500ml. & 1ltr. Pack

Crop Tembo

Tembotrione 34.4% w/w SC

It is a selective, post-emergent, suspension concentrate (SC) herbicide used primarily in maize/corn to control a broad spectrum of broad-leaved and grassy weeds.

Available in : 57.5ml., 115ml. & 230ml. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

HERBICIDES

Crop Extra

Mesotrione 2.27%+Atrazine 22.7% SC

It is a selective, pre-mix post-emergence herbicide primarily used in maize and sugarcane to control broadleaf and grassy weeds.

Available in : 700ml. & 1.4 Ltr. Pack

Crop Buta

Butachlor 50 % EC

is a selective, pre-emergence, and systemic herbicide used to control annual grasses and broadleaf weeds in paddy rice.

Available in : 500ml & 1ltr Pack

Cropcrest Ki Pehchan

Khushal Kisan!

FUNGICIDES

Cropfungi

Carbendazim 50% WP

It is a popular, broad-spectrum systemic fungicide (wetable powder) used to control a wide range of fungal diseases in crops via seed treatment or foliar spray.

Available in : 100gm., 250gm., 500gm. Pack

Crop Takatwala

Captan 70% + Hexaconazole 5% WP

is a broad-spectrum, dual-action fungicide combining contact (Captan) and systemic (Hexaconazole) action.

Available in : 250gm., 500gm., 1Kg. Pack

Fungi Key

Propineb 70% WP

is a broad-spectrum, contact-based, and preventive fungicide commonly used in agriculture to protect crops from various fungal diseases.

Available in : 250gm., 500gm., 1Kg. Pack

Cropcrest Ki Pehchan

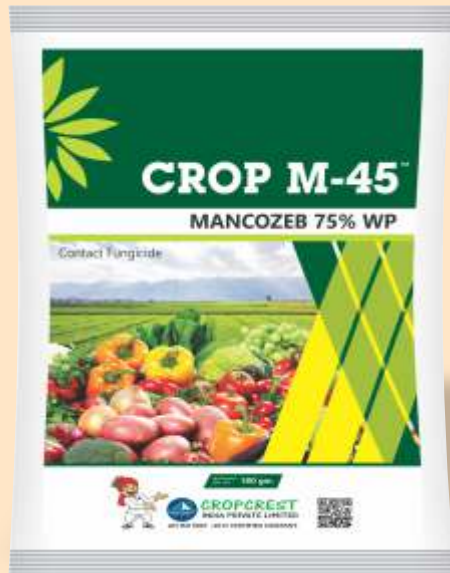

Khushal Kisan!

FUNGICIDES

Crop M-45

Mancozeb 75% WP

Is a broad-spectrum, contact, and protective fungicide used to control various fungal diseases, such as blight, downy mildew, and rust in crops like fruits, vegetables, and cereals.

Available in : 250gm., 500gm., 1kg. Pack

Crop Protector

Chlorothalonil 75% WP

is a broad-spectrum, non-systemic protective contact fungicide used to prevent fungal diseases in various crops.

Available in : 250gm., 500gm., 1kg. Pack

Cropsaff

Carbendazim 12% + Mancozeb 63% WP

It is a selective, systemic early post-emergence herbicide used to control a wide spectrum of annual/perennial broadleaf and grassy weeds in leguminous crops like soybean, groundnut, green gram, and black gram.

Available in : 100gm., 250gm., 500gm., 1kg. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

FUNGICIDES

Croptaf Plus

Hexaconazole 5% SC

It is a broad-spectrum, systemic triazole fungicide used to control various fungal diseases, particularly Powdery Mildew and Sheath Blight.

Available in : 250ml., 500ml., 1Ltr. Pack

Propicone

Propiconazole 25% EC

It is a broad-spectrum, systemic, triazole fungicide used for the protective and curative control of various fungal diseases in agricultural crops.

Available in : 250ml., 500ml., 1Ltr. Pack

Peru

Tebuconazole 10% + Sulphur 65% WG

It is a broad-spectrum, dual-action fungicide combining systemic and contact properties to manage fungal diseases and mites in various crops.

Available in : 250gm., 500gm., 1kg. Pack

Cropcrest Ki Pehchan

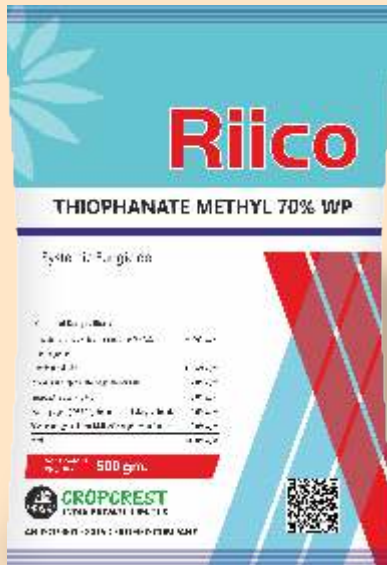

Khushal Kisan!

FUNGICIDES

Riico

Thiophanate Methyl 70% WP

It is a broad-spectrum, systemic fungicide (e.g., Roko) used to control diseases like anthracnose, powdery mildew, and wilt.

Available in : 250gm., 500gm., 1kg. Pack

Cropvalda

Validamycin 3% L

It is a popular agricultural antibiotic fungicide, primarily used as a liquid formulation to control Sheath Blight in rice/paddy and various soil-borne diseases.

Available in : 250ml., 500ml., 1Ltr. Pack

Crop Sulphur 80

Sulphur 80% WDG

It is a highly effective, triple-action agricultural product that acts as a contact fungicide, miticide, and essential micronutrient (sulphur).

Available in : 1Kg., 3Kg. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

FUNGICIDES

Crop Aamir

Tebuconazoole 6.7% + Captan 26.9% SC

It is a high-performance, broad-spectrum fungicide widely used in agriculture to control fungal diseases through both contact and systemic action.

Available in : 250ml., 500ml., 1ltr. Pack

Azocyteb Plus

Azoxystrobin 11%+Tebuconazole 18.3% SC

It is a broad-spectrum, dual-action (systemic and translaminar) fungicide used to control various fungal diseases in crops like rice, chili, tomato, onion, and grapes.

Available in : 100ml., 250ml., 500ml., 1Ltr. Pack

Azocydifo

Azoxystrobin 18.2%+Difenoconazole 11.4% SC

It is highly effective against anthracnose, powdery mildew, blight, rust, and leaf spots in crops like chilli, tomato, paddy, maize, and sugarcane.

Available in : 100ml., 250ml., 500mL., 1Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

FUNGICIDES

Cropmeal Gold

Metalaxyl-M4% +Mancozeb 64% WP

It is a popular agricultural antibiotic fungicide, primarily used as a liquid formulation to control Sheath Blight in rice/paddy and various soil-borne diseases.

Available in :
100gm., 250gm., 500gm., 1Kg. Pack

Crop Copper 50

Copper Oxychloride Containing
Copper Contents 50.00% w/w WP

Is a broad-spectrum, inorganic contact fungicide containing 50% w/w elemental copper.

Available in : 500gm Pack

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/BIOSTIMULANTS

Crop Dr.

Gibberelic Acid 0.001% L

Is a highly effective, ready-to-use liquid plant growth regulator (PGR) that stimulates cell division and elongation, enhancing crop yield and quality.

Available in : 250ml., 500ml., 1ltr., 5Ltr. Pack

Crop Wet

Silicon Based Super Spreader & Activator

It is a high-efficiency, non-ionic agricultural surfactant designed to dramatically reduce water surface tension, allowing for maximum spray coverage, leaf penetration, and rapid wetting.

Available in :
50ml., 100ml., 250ml., 500ml. Pack

Crop Humax

Humic Substance 16% (Liquid)

Humic substances are complex, dark organic compounds formed by decomposing plant and animal matter

Available in : 250ml., 500ml., 1Ltr., 5Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/BIOSTIMULANTS

Crop Root 99

Potassium Humate 49% (P)

It is a high-concentration organic bio-stimulant and soil conditioner commonly used to enhance soil fertility, improve nutrient uptake, and promote root development.

Available in : 250gm., 500gm., 1kg. Pack

Carbon Gel

Mixture of Humic Acid and Seaweed extract (L)

is a powerful organic bio-stimulant that combines leonardite-derived humic acid with nutrient-rich seaweed (often Ascophyllum nodosum).

Available in :
200ml., 400ml., 800ml. Pack

Cropibion

Protein Hydrolysate 20% (Plant Source) (L)

is a concentrated plant-based biostimulant used primarily in agriculture to enhance nutrient uptake, stimulate root / shoot growth, and boost stress tolerance in crops.

Available in : 250ml., 500ml., 1ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/BIOSTIMULANTS

Cropnutri

Bacterial Biomass Hydrolysate (20000 PPM) (L)

It is a concentrated liquid biostimulant derived from the enzymatic or chemical breakdown of bacterial biomass. It typically contains a high concentration (approx. 2%) of amino acids, peptides, and other nutrients.

Available in : 250ml., 500ml, 1Ltr. Pack

Cropspread

Spreader + Sticker + Penetrator

It is a multipurpose adjuvant that, when combined with insecticides, fungicides, or fertilizers. It is silicone-based, allowing the drug to spread evenly over leaves, adhere, and penetrate deeply. It prevents leaching and prevents the drug from being washed away by rain.

Available in : 5ml., 50ml., 100ml.,
250ml., 500ml., 1Ltr Pack

Croptac

Protein Hydrolysate 16.90% (Plant Source) (L)

It is a high-quality, natural biostimulant for plants, specifically providing amino acids and peptides. It comes in liquid form.

Available in : 50ml., 100ml., 250ml., 500ml., 1Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/BIOSTIMULANTS

Krushivita

Seaweed (*Aschophyllum Nodosum*) Extract 22% (L)

It is a premier cold-water brown seaweed found in the North Atlantic, widely used in agriculture as a premium, organic biostimulant. Its extracts are rich in bioactive compounds, including alginates, mannitol, polyphenols, and essential plant nutrients, which enhance crop growth and resilience.

Available in : 250ml., 500ml., 1Ltr. Pack

Cropsaya

Mixture of Seaweed Extract; Humic & Fulvic Acid, Amino Acid & Vitamins (L)

It is a comprehensive, organic bio-stimulant designed to enhance plant growth, nutrient uptake, and stress tolerance.

Available in :
250ml., 500ml., 1Ltr. Pack

Nano X Power

Vitamin B3 - 3.25% (Liquid)

Vitamin B3 (also known as Niacin or Nicotinic Acid) serves as a specialized, non-fertilizer growth promoter for plants, aimed at improving metabolic efficiency and supporting stress recovery.

Available in : 10ml x 100 Ampoules
in 1 Box

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/BIOSTIMULANTS

Nano Grow X9

(Glutamic Acid 18%) (Liquid) Vinasse
Residue Biostimulant

It is the most abundant excitatory neurotransmitter in the vertebrate nervous system, crucial for learning and memory.

Available in : 10ml x 100 Ampoules
in 1 Box

Agri Stem

Bio Stimulant Cytokinin
Zea Maya Kernel 0.2% (L)

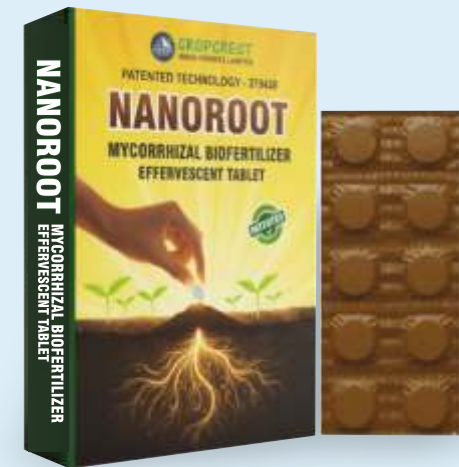

It is a natural plant growth regulator (PGR) bio-stimulant derived from immature corn kernels. It is primarily designed to boost cell division, increase yields, and improve the overall quality of crops.

Available in : 10ml x 100 Ampoules
in 1 Box

NanoRoot

Mycorrhizal Biofertilizer Effervescent Tablet

A modern, organic standard for sale in water, it improves the growth and nutrient absorption of plants. It is available in tablet form, making it very easy to use. These tablets strengthen and thicken plant roots, allowing plants to better absorb water and nutrients from the soil.

Available in : 2.5 gm X 10 Tablet per strip
50 Strip in 1 Box

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/BIOSTIMULANTS

K-Marcos

Potash Deriver From Rhodophytes
Bio fertilizer

It is made from red seaweed, which contains about 20% organic potash and other essential nutrients. It strengthens plant roots, allowing them to absorb more water and nutrients. It also promotes flowering and improves fruit size, color, and shine.

Available in : 8gm x 10 Tablet in 1 Tube
50 Tube in 1 Box

Crop Sona

Potassium Humate 49% (P)

A high-grade, water-soluble bio-stimulant and soil conditioner used in agriculture to enhance soil fertility, improve nutrient uptake, and boost crop yields. It is typically derived from leonardite or lignite (brown coal) and acts as a powerful root promoter and soil structurizer.

Available in : 250gm., 500gm., 1kg. Pack

Crop Rajni

Paclobutrazole 23% SC

A systemic plant growth regulator (PGR) used primarily in agriculture, notably for mango, to inhibit gibberellin biosynthesis.

Available in : 250ml., 500ml., 1Ltr. Pack

Cropcrest Ki Pehchan

Khushal Kisan!

PGR's/FERTILIZERS

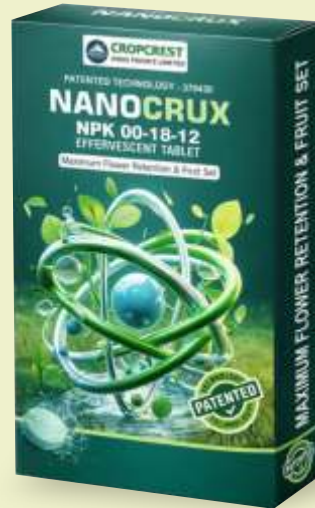

Crop Power GR

Triacontanol GR 0.05% Min.

A natural plant growth regulator (PGR) containing at least 0.05% w/w Triacontanol, typically in a carrier like bentonite.

Available in : 5kg., 10kg. Pack

Nano Crux

NPK 00-18-12
Effervescent Tablet

It is best suited for accelerating flowering and fruit formation. It dissolves quickly in water, making phosphorus and potassium readily available to plants. Due to the presence of phosphorus, it strengthens roots in the early or developing stages.

Available in : 2.5gm x 10 Tablet per strip
50 strip in 1 Box

NanoX Pro

Small Dose Massive Performance
Vitamin B3 (Nicotinamide) 3.25% (Liquid)

Is a philosophy of strategic minimalism. It replaces high-volume grinding with high-intensity, targeted actions to achieve outsized results.

Available in : 0.5ml. x 10 Ampoules Pack
20 Pack in 1 Box

Cropcrest Ki Pehchan

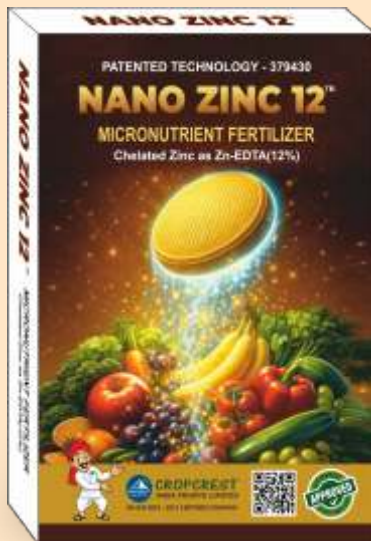

Khushal Kisan!

FERTILIZERS

Nano Zinc 12

Micronutrient Fertilizer
Chelated Zinc as Zn-EDTA (12%)

A highly effective, water-soluble chelated micronutrient fertilizer containing a minimum of 12% zinc, designed to correct zinc deficiencies in plants.

Available in : 2.5gm x 10 Tablet per strip
50 Strip in 1 box

Crop Gin

NPK 11:11:08
Non-Crystalline, Drone & Drip Ready,
Zinc & Boron Enriched

A highly concentrated, water-soluble suspension fertilizer designed for foliar application.

Available in :
250ml., 500ml., 1 Ltr Pack

Grocane 8

NPK 08:08:08

A highly concentrated, water-soluble suspension designed for foliar application to correct nutrient deficiencies and boost growth.

Available in :
250ml., 500ml., 1 Ltr Pack

Cropcrest Ki Pehchan

Khushal Kisan!
